- Wood-fireplace in living room
- Private outdoor Jacuzzi hot-tub
- Sauna
- TV and DVD in each bedroom
- WiFi
- Large plasma screen with satellite TV
- Close to village centre
- Spectacular views

LOCATION

The Chalet is accessed through a tunnel and an elevator. The entrance to the tunnel is 200 metre from the Matterhorn Express lift station, just a 4 minute walk from the church square. This is an ideal location being close to the main lift station and the village centre. The tunnel and elevator bring you up high above the village providing a true sense of high mountain seclusion and tranquility with breathtaking views. From the elevator exit there is a 200 metre walk to the chalet entrance. The chalet comes with an electro transporter which our staff will use to move your luggage and shopping as required.
THE PROPERTY

Chalet Gemini is one of our three unique and until now impossible Zermatt residences (our Chalets Castor and Pollux being the other two): a luxurious free standing three storey chalet with 5 double bedrooms, large enough for groups of up to 10 guests. Its location provides the best of both worlds: spectacular views and easy access. Tucked against a beautiful hillside, the numerous balconies and large terraces give you bird’s eye views of the village and the surrounding mountains, encompassing all three of Zermatt’s hiking areas. Although it does not have a Matterhorn view, the chalet is bathed in sun as soon as it emerges.

On the ground floor the chalet features an entrance hallway that opens onto a living room with a wood fire, satellite TV/DVD and music system, a dining area and open plan modern kitchen.

A spiral staircase leads to the first floor which features the master bedroom, an open plan bathroom with Jacuzzi bath and separate shower and W/C. This is flanked by a second double bedroom also with open plan bathroom and separate W/C and by a sauna and relaxation room with its own shower and changing facilities.

The third floor has traditional chalet-style sloping wood ceilings and features a large bedroom with open plan bathroom, shower and Jacuzzi bath, separate W/C, there is also another double bedroom also with its own open plan bathroom and separate W/C, and finally a further bedroom that sleeps a further two guests, with a queen size double bed and with its own separate WC.

On the ground floor, the living room has a patio terrace. The chalet is equipped with wireless broadband internet and a PC station for guest use.

Newly built last year, the chalet has been tastefully decorated under our supervision, delicately combining an alpine, cosy and contemporary finish, with liberal use of wood and stone. It has all the latest technology with flat-screen TVs, more than a hundred satellite channels, rotating fireplaces and geothermal heating to reduce the chalet’s carbon footprint as much as possible.

The chalet has its own sauna and unique outdoor hot-tub - perfect to relax and enjoy the view (or the stars...) after a long day in the mountains. This is a rare gem; a large freestanding property in Zermatt which has been conceived to meet our clients needs and wishes to the fullest possible extent.

Price is for exclusive use of the chalet for up to 10 people on a self catered basis. Please note weekly rental rates listed may differ slightly.
